

Live Green Howard County's

Join in on Thursday, April 14 For a County-Wide Spring Cleaning

Get outside for 20 minutes and do a quick cleanup of litter around your business, school or neighborhood.

It's simple, and it works.

Last year over 1000 people participated!

Please contact Howard County's Department of Environmental Sustainability at 20minutecleanup@howardcountymd.gov to let us know if you participated and how many bags of trash you collected. We will thank your group on our website!

Check the website livegreenhoward.com for more details.
